

# “Give Ye Them To Eat”

An Integrated Development Program

August 20, 2019

Dear Friends of GYTTE:

We hope you are well and also hope you have had a good summer.

Many of you know Missionaries Muriel and Terry Henderson. Muriel has had no end to health problems and just went into the hospital and surgery for a broken bone in her back. Her osteoporosis is very bad. Please hold them in your prayers. Thank you.

At the farm we have Flor de Jamaica planted (we make juice with it) and some corn. We had a very dry period and thought we were going to lose the crops, by the rains returned just in time.

Ivonne Mendoza who has been with GYTTE on and off for many years is now part-time from Cuautla – about 1.5 hours from Puebla – her husband Isaias became a pastor at the Methodist Church there. We miss her but at least we will still have regular contact. Pray for her too.

Because of your great generosity we will begin training a new group of about 25 women to be Health Promoters in September. When our friend Ed MacDougall died in January his family ask for donations to our “More than a Bandage” program and the donations rolled in. He would be so pleased. And so are we – and excited to begin this year and a half process with new friends.

From October to January we will building the sixth straw-bale home, and perhaps starting on a seventh. Our friends at Pasadena UMC raised money for four homes after the 2017 earthquake. Two groups in November and a group in January will be working on the sixth home. Our October group will be working on an ecological toilet and also painting our kitchen/dining room that got a new roof after about twenty years. In January we will have a group from the seminary in Mexico City. Like our US AWARE teams they come to learn and to work.

We have been doing a great deal of work on the water system such that when you come we should always have water! Speaking of water, we have had the joy of Abraham’s presence – Catalino’s six-year-old son. He loves to swim and before you know it – he’s in the water!

We hope to see you soon! In God’s love,

**Nan, Miguel, Cata and Clara**
